

First Solar Analyst Day

2014

SAFE HARBOR

During the course of this presentation the company will make projections and other statements that are forward-looking statements within the meaning of the federal securities laws. The forward-looking statements in this presentation are based on current information and expectations, are subject to uncertainties and changes in circumstances, and do not constitute guarantees of future performance. Those statements involve a number of factors that could cause actual results to differ materially from those statements, including the risks as described in the company's most recent Annual Report on Form 10-K, Quarterly Report on Form 10-Q, and other filings with the Securities and Exchange Commission. First Solar assumes no obligation to update any forward-looking information contained in this presentation or with respect to the announcements described herein.
